

EUROLITE Moteur couple MD-1015 3 x 1 W LED 6400 K

Moteur de boules à facettes 30 cm max. 1,5 tours/min

Réf. : 50301092

GTIN: 4026397543117

L'article n'est plus disponible.

Description:

This solid mirror ball motor by Eurolite reflects beautiful light effects on ceilings and walls; without any external lighting! This motor, type MD-1015, has been designed for mirror balls up to 3 kg and is simply screwed to the ceiling or attached to a truss using the optional mounting equipment.

Not only does it steadily rotate the ball with 1.5 rotations per minute but it also illuminates it from above with 3 white LEDs. The reflecting light then covers the room in an infinite sea of moving light dots. Of course, the MD-1015 is delivered ready to use with a power cord, and thanks to the modern LED technology, it is also particularly energy-efficient.

Caractéristiques:

- Metal housing with 3 white LEDs which illuminate the mirrorball from above
- Suitable for driving mirror balls up to a maximum weight of 3 kg
- This weight corresponds with a diameter of 30 cm for the EUROLITE mirror balls
- The maximum load always means the mirror ball weight including the mirror ball chain and the fixation material
- 1,5 rotations per minute
- Ready for connection with power plug
- For professional use, e.g. in discotheques and in public places, the EN DIN 15560 norms have to be considered
- The motor always has to be installed with a secondary safety attachment
- Before taking into operation for the first time, the installation has to be approved by an expert
- 3 LED puissantes 1 W high-power blanc froid (CW)
- Adapté à une boule à facettes d'un diamètre de 30 cm max.

L'étendue des fournitures

- 1 x moteur, 1 x mode d'emploi

Logistique

EAN / GTIN: 4026397543117

Poids: 0,44 kg

Longueur: 0.12 m

Largeur: 0.13 m

Hauteur: 0.07 m

Données techniques:

| | |
|---------------------------------------|---|
| Alimentation électrique: | 230 V AC, 50 Hz |
| Puissance totale de raccordement: | 8 W |
