Description:

The light at the end of the tunnel!

You certainly know the effect: You look at the tv. The screen shows a tv in front of a wall. On this screen you once more see the tv in front of a wall - a picture in picture. So this procedure goes on and on and thus produces the effect of a tunnel. A similar result can be created with our EULROLITE LED Mirror tunnel. On each of the four sides there are 10 LEDs. Due to several mirrors, the impression of a long, illuminated tunnel emerges. This is an exceptional and for just that reason lovely effect that will attract the attention. Furthermore 8 different patterns can be selected, so there is definitely no dull moment and variety is guaranteed. Besides the white version of the mirror tunnel, blue and multi-color exemplars are also available. By the way, all units are delivered with a functional stand.

Logistique

EAN / GTIN: 4026397330755

Poids: 7,80 kg

Longueur: 0.48 m

Largeur: 0.47 m

Hauteur: 0.26 m

Caractéristiques:

- Solid housing and an appealing design
- 10 LEDs on each side
- Due to several mirrors, the impression of a long, illuminated tunnel is created
- 8 different patterns and movements can be selected
- Ready for connection with power cord and safety plug
- Delivered with stand
- Available in 3 LED color variations
- Advantages of LED technology: long life of the LEDs, low power consumption, minimal heat emission, defacto maintenance free with brilliant light radiation

Données techniques:

Alimentation électrique: 230 V AC, 50 Hz

Puissance totale de raccordement: 5,00 W

Dimension: Largeur : 30 cm
Profondeur : 60 cm
Hauteur : 57 cm

LED number: 40 (10 on each side)

Distance between LEDs: 30 mm

Color temperature: 6500 K

Program amount: 8

Dimensions: 300 x 570 x 600 mm

Weight: 8 kg

Spécifications juridiques

Produit spécial: Non destiné à l'éclairage de la pièce dans les ménages

Utilisation: Éclairage pour effets de spectacle
