EL-500RGB KeyTEX

Laser projecteur de texte RGB (500 mW), clavier et contrôle à distance infrarouge

Réf. : 51743205
GTIN: 7640144992217

Caractéristiques:

- Write texts live with the keyboard
- Save texts and recall them later
- Animate the texts: scrolling, flipping, typing of single letters, rotations and many more features available through the keyboard
- Trigger saved texts with infrared remote control
- Play the preset patterns and effects in automatic mode or sound mode - this can be switched with the keyboard or the infrared remote control
- Clock feature: set time and project it on any surface
- The projection (texts, patterns) can be multiplied through a diffraction grating at the laser aperture
- Controllable via DMX
- RGB projections
- Included in delivery are:
 - EL-500RGB KeyTEX laser projector
 - Keyboard for EL-500RGB KeyTEX
 - USB extension cable for keyboard
 - Infrared remote control
