

EUROLITE LED MF-6 Flower effect

RGB flower effect with LED technology!

Réf. : 51918610

GTIN: 4026397304602

L'article n'est plus disponible.

Description:

Where have all the flowers gone?

It is like a wave, that is inexorable. It really spreads out everywhere and infringes on almost all areas. But don't be scared, because this wave is everything but devastating. You cannot follow? We are talking about the spread of LEDs. In the lighting technology, conventional illuminants are constantly replaced. Now, it also affects halogen lamps or burners in flower effects such as our MF-6 RGB, where the classical beams are produced by LEDs. The luminosity remains unchanged and in addition, this device has the attractive advantages of the LED technology at its disposal. Specious arguments, aren't they?

Caractéristiques:

- DMX512 control via regular DMX controller (occupies 6 channels)
- Sound control via built-in microphone
- Color-change speed and strobe effect adjustable via DIP switches
- Auto mode
- Internal programs
- Master/Slave function
- Rugged compact housing in a beautiful design
- Ready for connection with power cord and safety-plug
- Ideal for bands, stages or solo entertainers
- Perfect in public places, main halls, lounges
- Mounting bracket for installation on a truss system included
- Advantages of LED technology: long life of the LEDs, low power consumption, minimal heat emission, defacto maintenance free with brilliant light radiation

Logistique

EAN / GTIN: 4026397304602

Poids: 3,80 kg

Longueur: 0.41 m

Largeur: 0.26 m

Hauteur: 0.22 m

Données techniques:

Alimentation électrique:	230 V AC, 50 Hz
Puissance totale de raccordement:	14,00 W
Dimension:	Largeur : 34 cm Profondeur : 23,5 cm Hauteur : 26 cm
DMX channels:	6
DMX connection:	3-pin XLR
Sound-control:	via built-in microphone
LED number:	27 (9 x red, 9 x green, 9 x blue)
Beam angle:	15°
Dimensions (L x W x H):	340 x 235 x 260 mm
Weight:	3.4 kg
Spécifications juridiques	
Produit spécial:	Non destiné à l'éclairage de la pièce dans les ménages
Utilisation:	Éclairage pour effets de spectacle
