Show your individuality

With the LP-700 series DiMavery introduces its own version of the classic LP-Style and differs from numerous other imitations. Both optically and qualitatively, this model offers more than what you could expect in this price range: For example, the particularly curved body as well as the angled neck are decorated with abalone inlays. The neck isn't screwed but is glued and therefor stands out from cheap copies. The humbucker are high quality and offer the guitarist a large variety of sounds even without additional periphery. The DiMavery LP-700 is available in four different colors: black, sunburst, white and honey.

Logistica

EAN / GTIN: 4026397596809
